## City Council Hears Report Monday Night

### Health Officer Tells Opinion of Dump Problem

Announcing that the problem of seeing more visible traffic signals at Albany and San Pablo Avenues was being studied by the light committee, headed by himself, Councilman George Batchelder said Monday night that a more satisfactory system would be installed. Various devices to warn approaching motorists of the signal are being considered, he declared. The City Council, and the most efficient type will be obtained.

Councilman Vincent Hanahan, to whom was referred the suggestion that a signal did not give children a safe opportunity to cross the street, reported that an investigation on his part had failed to disclose any fault with the now allowed pedestrians. Sufficient, he declared, was now available for all to safely cross the thoroughfare.

### DOCTOR GIVES REPORT

The dump situation was reported on by Dr. Jack L. Stein, city health officer, who claimed that the site is now a model of cleanliness, due to the work of the street department in the last few days. Much of the debris had been removed, he said, was due to the material left lying about during the construction of the overpass.

Dr. Stein also suggested that signs prohibit the dumping of wet garbage be placed at the site. The malodorous condition referred to by numerous persons, he explained, is due to the proximity of the Berkeley sewer and exists in other cities along the bay. "Nothing can be done about this until the tideslides are filled in, he continued.

The physician also maintained that the present system of burying the remains of dead animals was not satisfactory as cremation would be the less he considered burial in four or five feet of soil sufficient for safety.

### RECOMMENDS HYDRANTS

Acting at the suggestion, he said, of Chief Carl Ahlgren, Councilman Hank Hays recommended the installation of two new fire hydrants as follows: on San Gabriel, between Brighams and Portland Avenues, and on the corner of Washington Avenue and Key Route Boulevard.

The application of Alfred Ruff, 2028 Bush Street, Oakland, for a permit to operate a used car and wrecking establishment on the west side of San Pablo Avenue at the county line, on land formerly known as the Tenney property, was referred by Councilman Batchelder and Mowday to the city attorney, the police commission and park and zoning commission.

Such a permit should be thoroughly considered before it was granted, the men declared. The applicant had promised that the premises would be free from unsightly debris and junk.

Permission was given the Albany chapter of the Maccabees to install its own electrical work and plumbing in the addition now being built at its hall. The final permit and inspection conditions prevail, the applicant was notified.

## Cornell Group Holds Meeting

Meeting last Monday in the board room of the school, the executive board of the Cornell Parent-Teacher Association formulated plans for the following activities in the month of December:

A block printing class, directed by Vernon Smith, will meet each Tuesday and Thursday night in the recreation room at 7:30 p. m. This class is sponsored by the P. T. A. and is open to all interested.

A telephone turkey whist will be held on Wednesday night, December 9. Mrs. A. E. Oakley will be chairman for this affair and will be aided by Mrs. F. B. Kline.

On Monday, December 6, at 1:30 p. m., the Berkeley Council will meet in the Cornell auditorium. Mrs. H. R. Roney and Mrs. John Brunstein will act as hostesses for the afternoon.

## Ferry Co. to Continue All Night Service

The Southern Pacific Golden Gate Ferries, operating the automobile ferry service on San Francisco Bay, has announced that, until further notice, they will operate frequent schedules during the day and continue all-night service on Oakland Pier and Berkeley vehicle ferry routes for the accommodation of automobile and truck patrons.

The ferry management believes that with its excellently located terminals, its fleet of vessels especially designed for vehicle traffic, and its trained personnel, that it is in a position to offer a service that will be extremely attractive to the public for its economy, comfort, safety and convenience.

Located as they are at the water's edge, Southern Pacific Golden Gate terminals make possible the shortest routes across the bay and as they are removed from the centers of traffic congestion, they permit of faster time and the final destination. As a matter of fact, it is impossible to drive between almost any two points in the bay cities (that are not located in traffic congested areas) and by the use of the ferries entirely avoid the hazards and inconvenience incident to driving through such areas.

"Another time-saving feature, and one that materially adds to the convenience of those using the auto ferries," said G. E. Collins, traffic agent, "is the restaurant service that is featured on all of this company's boats. One may secure anything from a sandwich or cup of coffee to a complete meal without taking time out from the driving period. Relaxation while on the ferries is made easily possible through the providing of reading and smoking rooms, as well as comfortable quarters for non-smokers. Toilet facilities are provided with soap, towels and other conveniences, and are kept clean and otherwise attractive by attendants."

RECOVERS FROM ILLNESS

After a three-day illness and enforced rest early this week, Miss Rose Glavinovich, daughter of the police chief of this city, returned to her job yesterday. Miss Glavinovich is an employee of the Oakland Tribune and is widely known for her reputation as one of that newspaper's outstanding reporters.

## TELLS OF SESSION NEXT WEEK

Explaining the sports sessions of next week's four-day Recreation Institute of which he has charge, Eldridge Farnsworth, right, has three interested listeners. They are, left to right, John Franklin West, superintendent of schools; Mrs. Josephine Foley, secretary and member of the school board, and Mayor O. C. Yenne.

## Acacia Club Promises Gay Dance, Show

Inviting the entire community to attend, the members of the Albany Acacia Club announce all is in readiness for their dance and floor show at the Memorial Bldg. a week from Saturday night, December 5.

The outstanding orchestra directed by Billy Keene has been engaged to supply music for the occasion, it is said, and the event should prove one of the biggest ever held in this city, according to Frank Butera, chairman.

Dancing, he said, will start at 9 p. m. and will be preceded by a colorful floor show featuring many talented entertainers. The affair will continue until 1 a. m.

The occasion will also mark the first opportunity of the members of the club to wear their new fezzes, tells Lloyd Jester. All who have not acquired these new headwear are asked to place their order with him at his place of business, 1113 Solano Avenue.

## Gate Bridge Opens in May

Golden Gate bridge officials today set May 1, 1937, as the opening date for public use of the span.

The announcement came soon after workmen joined the steel arms of the span from tower to tower although the gaps from the respective shores to the towers still remain unclosed.

When these are closed, possibly within a month, pouring of concrete on the roadway will start. Except for this latter unromantic aspect of the work the giant structure, which one time was thought a physical impossibility, will be complete by the New Year.

Lenore Vogel, daughter of Mrs. Violet Vogel 1353 Hopkins street, Berkeley is reported well on the road to recovery. She is convalescing at the Children's Hospital where she was taken a week ago Sunday suffering from pneumonia.

## New Training Institute to Open Tuesday

Bringing an expected attendance of from 150 to 200 persons to each session, the newly-organized WPA Recreation Training Institute, to be held in Albany from December 1 to 4, is the fore-runner of similar gatherings throughout the county, it is claimed by those in charge.

The local convalescence is in charge of the Albany Recreation Department and WPA recreational leaders, explained Arthur J. Kirkpatrick, superintendent of the local department, but will be attended by leaders from Alameda and Contra Costa counties.

The purpose, told Kirkpatrick, of the meeting is to afford recreation directors an opportunity to better fit themselves for the qualities of leadership which will enhance the value of recreation programs in each community.

### BRINGS MANY LEADERS

The morning sessions during the four days will be held at Memorial Park, while the evening meetings will be held at the Community Center Building, he said. Among the leaders and supervisors to appear are Howard Holman of the Oakland Recreation Department, Doris Fratts of the Berkeley WPA Recreation Department, Carol Levene of Martinez and A. J. Kirkpatrick, Eldridge Farnsworth and Wilfred Winkenhach of the local recreation department.

Miss Louise Bird of this city is general chairman of the Training Institute and Eldridge Farnsworth is in charge of the sports sessions.

A promised feature at one of the evening sessions will be Mayor O. C. Yenne calling square dances at the Community Center Building. Also to appear before the visitors will be the playground orchestra directed by Ed Howell, who will also conduct community singing programs.

### HAS SPORTS PROGRAM

Other sports to be presented are: badminton, by John and Howard Holman, champion doubles team of Northern California, and their respective partners; and bocce ball, to be demonstrated by Felix Sampietro, local authority.

Efforts are being made to have Miss Helene Noway, former Olympic champion and now an instructor at Mills College, give demonstrations of her skill.

## Room Added to Lodge Building

Needing additional room at their Temple on Kains Avenue, the members of Albany Tent of the Maccabees have announced the construction of an extension in the rear of the building.

The new section will be for the use of members exclusively, it is said, and will contain the lodge's pool table and other recreational equipment. An added space of about 500 square feet will be available when the work is completed.

The construction work is being done by Bill Rhemus, one of the members, it was said.

## Achieve Results In Church Drive

A total of 138 inches was added to Albany's "Silver Stream" during the past week, announces Rev. Herbert Brooke of the Albany Community Church, originator of the novel plan to rid his church of debt.

"It is our hopes," he said, "to see December 7-14 set aside as 'Silver Stream' week and the more intensive part of the campaign will be conducted at that time." He told of plans now being formulated to build an organization to bring the drive to a successful conclusion and mentioned that various persons in Albany would be named as leaders.

Results are being obtained, he said, from some of the letters sent out by supporters and friends of the church. Additional aid in this part of the work would be welcomed, he added.

## Fantasy Will Be Presented By Children

Fairlyland, with all the wonders of the "never-never land," is to be depicted at the Christmas Pageant, "The Prince's Gift," which is scheduled for three performances at the Marin School. It is to be presented on December 1 for the Dads Club, December 8 for the P. T. A. and for the faculty and student body at the end-of-the-term program.

This delightful fantasy, which was inspired by "The Nutcracker Suite" by Tchaikowsky, has been adapted by the pupils in an entirely impromptu manner. The story is of Marie, a little girl, who gives a party. Among the gifts for her guests, Hans discovers a nutcracker which he ridicules. The other join in his merriment until she cautions them never to jeer at a gift. The party terminates happily and she falls asleep and dreams of how the humble nutcracker comes to life and saves her from the King Mouse and his courtiers, later taking her to Jam Mountain where it turns into Prince Jean.

Leading roles will be taken by Lucile Stork as Marie and Harold Boyd as the Nutcracker. Other characters include: Muriel Higgins, Mary Lou Combs, Bernadine Rose, Barbara Boyd, Tommy Eglight, Jean Welch, Thad Lee and Larry Foye.

The dancers are: King Mouse, Robert Roderick; Sugar Plum Fairy, Phyllis Norin; Toy Soldier, Billy Young; Chinese Dove, Gloria Granberg; Flower Dancer, Vera Wilson. Chorus will be comprised of kindergarten and primary grade children. In addition there will be "The Waltz of the Flowers" with Barbara Jean Corbett, Dorothy Cuthbertson, Edna Marie Hiel, Norma Kinne, Beverly Moss, Joan Thompson, Dorothy Schiller and Stella Ruth Severine.

The Carol Singers will be enacted by the Glee Club and Mrs. Cruikshank will provide the music.

The scenery sets were designed and constructed by the class of Miss Beulah Lemm and the costumes made under Miss Van Metre's supervision. Dance directors are: Miss Erna Segar, Miss Ebba Johnson, Miss Margaret David, Miss Doris Wallgren, Miss Helen Hillerman and Mrs. Agnes Dickson.

## Knapp's Offer Quality, Values

Offering their patrons a complete line of all the better known brands of quality merchandise, Knapp's Market at Dartmouth and San Pablo Avenues has long been recognized as the home of bargains by the shoppers of Albany and the surrounding territory.

In addition to the full list of quality foodstuffs handled here, the market also offers an extensive selection of choice wines, beer and liquors, now being featured at attractive prices for this holiday season.

Also in the large building is an up-to-date meat section, presenting selected meats at reasonable prices. The meat department is also participating in the money-saving specials being offered at this time.

A successful quail-hunt was enjoyed last Sunday afternoon by Al Mortara, Dick Bruno and Manuel Rey. The party made the trip to Martinez and returned with limits.

## Mystery Entrants Plan Show Appearance Friday

### Secrecy Surrounds Identity of Four Men Who Will Take Part in City's Talent Parade of Maccabees

## Theater Will Offer Great Bill 3 Days

"It's one of the biggest sensations ever screened," enthused Neil Crowley, manager of the Albany Theatre, in telling about the three-day appearance there, beginning Saturday of "The Great Ziegfeld," with its great cast of stars headed by William Powell and Myrna Loy.

The picture, he related, tells of the triumphs of the late producer and portrays his fight for success. It is filled with many beautiful girls, as were the impresario's productions, and will provide the theater-goers of this city with one of their biggest treats, he promised.

Showing for the last times tonight is "And So They Were Married," starring Mary Astor and Melvyn Douglas, and "Three Cheers for Love," with Eleanor Whitney and Roscoe Karns.

For the Thanksgiving Day show, which is continuous, and for Friday, the theater is offering those two grave-faced funsters, Charles Butterworth and Hugh Herbert in "We Went to College" and "The Ex-Mrs. Bradford," with William Powell and Jean Arthur.

## Reduction in Bridge Fare Is Possible

Likelihood that tolls on the San Francisco-Oakland bay bridge may be reduced, possibly in the near future, was seen here today as traffic on the span exceeded expectations.

Official confirmation of the expected reduction came from Sacramento where State Director of Public Works Earl Lee Kelly said that the bridge would pay for itself in about 10 years at the present traffic rate continues.

### MARRIAM FAVORS CUT

Governor Frank F. Merriam also said a reduction might be expected but said that it would be necessary to wait until the present abnormal flow passes the peak.

The opening days, the big game, this week-end and the Thanksgiving and Christmas holiday seasons, he pointed out, will not give a fair idea of normal traffic. He predicted that future toll prices would have to await determination of normal flow some time after the first of the year.

Kelly said that the present tolls, averaging about \$1,000 an hour, were far in excess of expectations and though normal conditions would cut that amount down it appeared that the daily average would run over \$15,000. Highway engineers had first estimated a daily return of between \$8,000 and \$12,000.

The main question that will have to be answered within the next year or so, he said, is: "Shall the rate be maintained at 65 cents and the bridge paid for within eight or 10 years, or shall it be lowered to a cost basis, necessitating operation as a toll bridge for a much longer period?"

## Marin Dads Bid All to Smoker

A cordial invitation is extended to all fathers in Albany to attend the Marin Dads Club smoker which will take place the evening of Friday, December 11 at that school, by the President, L. V. Foye.

Harold Hexner is to be in charge of the affair, and the entertainment will consist of wrestling bouts, with wrestlers from U. C. participating. More detailed information will be issued at a later date.

Introducing a note of secrecy in the proceedings, an anonymous letter telling of the appearance of "The Mystery Four" at next week's contest was read from the stage of the Albany Theatre Friday night. The epistle, said Ted Williams was handed to Ray Matthews by an unknown person during that night's amateur performance.

The letter said that this unknown quartet of local business men would make a masked appearance in Friday night's show and display their talent, but for business and other reasons would wear disguises to hide their identities. So skillfully do they expect to conceal themselves that they have offered an award of \$2 to the first person to recognize them, continued the letter.

### TO REFUSE AWARD

Furthermore, if the audience decides to pick them as a winner of the contest, they will refuse to accept the award and will see that it goes to another entrant. Their only reason, the communication said, for appearing at all is to show the audience that they do possess some talent.

Chairman J. P. Williams and his brother, Ted, had considerable difficulty in choosing the winners at the last edition of the Maccabee-Albany Theatre amateur contest, finally taking the decision of the audience to indicate that it had chosen Blanche Regalia, pianist, as first-place winner. To Donna Mae Gregg, tiny acrobatic dancer, went the second award.

Other contestants were June and Alice Blim, trumpet and piano; Grace Thelacker, singer, accompanied by Doris Christopherson; Mary Louise Brunstein, soft shoe dancer, and Ethel Jane Haines, singer, both accompanied by Margaret Greer at the piano.

Next week, the fifth in the series of contests, will be devoted exclusively to adult entrants, Chairman Williams declared. There is room for several more entries in this classification, he said.

This week's entries also include Henry Harwood, 507 Adams Street, and Rocco Deliso of 618 San Pablo Avenue, offering a comic skit; Jewel Joyce Wilcox, 1046 Kains Avenue, tap dancer; Violet Rindsberg, 1100 Kains Avenue, and Margaret Wass, 1075 Talbot Avenue, singer, accompanied by Lorraine Higiera of 1059 Evelyn Avenue and Helen Haines, 825 1/2 Stannage Avenue, singer of popular songs.

## Girl Scouts to Skate at Party

An ice-skating and roller-skating party which is scheduled for the early part of December, is being eagerly anticipated by the Girl Scouts of Troop No. 27, according to their first lieutenant, Mrs. V. McIntyre.

The troop which consists of 38 members, will be divided into two groups, according to the sport they are most adept at, and will spend the day under her or Captain Hazel McDuffee's guidance.

She reports that many of the girls are absorbed in sewing on snaps and buttons and darning three-cornered tears in order to pass the Needlewoman's Test. Among those who are striving for this award are Jane McLean, Patsy Boye, Betty Jo Wass, Elaine McDowell, Viola McIntyre, Margaret Losee, Alice Miller and Carol Peterson.

## Albany Woman Is Injured Sunday

Struck by a car Sunday evening while crossing Solano and San Pablo Avenues, Miss Athaleen Phipps of 945 Madison Street is now confined to Humboldt Hospital under the care of Dr. Douglas Ream. The injured woman suffered severe bruises and lacerations of the head.

The car was driven by Mrs. Helen M. Patterson, 4709 MacDonald Avenue, Richmond, according to police. She was released following an investigation.

## THANKSGIVING PROCLAMATION

"I, Franklin D. Roosevelt, President of the United States of America, hereby designate Thursday, the 26th day of November, 1936, as a day of national thanksgiving.

"The observance of a day of general thanksgiving by all the people is a practice peculiarly our own, hallowed by usage in the days before we were a nation and sanctioned through succeeding years.

"Having safely passed through troubled waters, it is our right to express our gratitude that divine providence has vouchsafed us wisdom and courage to overcome adversity. Our free institutions have been maintained with no abatement of our faith in men. In our relations with other peoples we stand not aloof but make resolute effort to promote international friendship and, by the avoidance of discord, to further world peace, prosperity and happiness.

"Coupled with our grateful acknowledgment of the blessings it has been our high privilege to enjoy, we have a deepening sense of our solemn responsibility to assure for ourselves and our descendants a future more abundant in faith and in security.

"Let us, therefore, on the day appointed, each in his own way, but together as a whole people make due expression of our Thanksgiving and humbly endeavor to follow in the footsteps of mighty God."

## Glimpses from the Gridiron

With the most satisfactory "end of the season" play a California team has displayed for years, "Stub" Allison, head coach of the Golden Bears today looked forward to the 1937 football year with the feeling that a great California freshman team should make life easier when next August rolls around.

Fortunately for Allison, the 1936 yearling team seems to be particularly strong in the positions that have been considered weak spots, for at least part of this year, on the Varsity.

Clint Evans' undefeated frosh were blessed with particularly outstanding ends and tackles. At the flanks next year, "Stub" will have four sophomores who should give him much needed strength.

Most outstanding of the ends is Louis Smith. Smith, six feet tall and 190 pounds in weight has been a "consistent 50-yard kicker all year and is considered right now by many as a better kicker than Sam Chapman. Besides his kicking, Smith is a defensive and offensive terror.

Right behind Smith in potentialities come Bob Wilhelm, 180-pounder from Alhambra, a sturdy, consistent end on offense and defense; Paul Semmens, a 180-pounder from Long Beach who is also a 14-foot pole vaulter; and "Big Bill" Biggerstaff, 6 foot 6 giant from Berkeley, whose specialty is snagging passes while surrounded by defensive backfield men.

At the tackles are two boys who were handicapped by injuries during most of the year, but who are expected to give the variety "hangovers" a tough battle. Bill Plasch, left tackle, broke a hand midway through the season, while Dennis Scott incurred a "charley horse" in pre-season calisthenics and did not recover until late in the campaign. Scott is a 185 pounder from Long Beach, while Plasch weighs 190 pounds and gives promise of reporting next year with over 200 pounds draped around his six foot frame.

Another tackle who came into prominence late in the season, being shifted from end, is Jack Smith. Smith is 6 foot 3 inches tall, and weighs 195 pounds. He is a San Francisco boy. Two other boys who will add weight to the tackle positions are Bill McBurnie, 215-pounder from Compton, and Mario Luchessi, 210-pounder from Berkeley.

Three men were outstanding at guard for the yearlings, and all three are regarded as good Varsity prospects. Perry Connor, place-kicker par excellence, won two games for the yearlings with his conversions after touchdowns. Connor is 5 feet 10 inches, weighs 195 pounds, and hails from Glendale.

Gordon Ferran, 170 pound boy from San Diego, won his berth through sheer fight and speed, and resembles to a marked degree Vard Stockton, right guard on the Varsity.

Bill Adams, Huntington Park boy who weighs 200 pounds, was a regular at the left guard position until a torn shoulder forced him out of the lineup, but he will be in shape for spring practice and should give Claude Evans, present holder of the short side spot on the Varsity, a fight for this position.

At center is another boy who won prep school honors and played 60 minutes of ball in almost every game this year: Ralph Sauer hails from Riverside, is 6 feet tall, and weighs 180 pounds. Sauer may be moved to guard as he will be playing behind All-American Bob Herwig at the pivot spot.

Though there seems to be little need for another flashing left half-back with Vic Bottari, George Cornell and Mushy Pollock coming back next year, the freshman squad boasts a player who is regarded as one of the greatest backs ever to enter California.

That player is Ted Hubert. According to Clint Evans, freshman coach, Hubert looks more like former All-American Morley Drury than any man he has ever seen.

Hubert is more than the usual triple threat star, since he is a better than normal blocker and a strong runner, passer and kicker. Invigorated by an unprecedented four-day vacation in mid-season, St. Mary's Galloping Gaels worked desperately yesterday to improve a shattered backfield before meeting A. Stagg's crack Pacific Tigers Thanksgiving Day in San Francisco.

Most of the gloom engendered by Santa Clara's first victory over St. Mary's in 14 years evaporated while the Gaels rested. Confidence of coming back at the expense of Pacific waned, however, when Coach Slip Madigan gave his personal scouting report on the Stockton eleven.

"Pacific is one of the six best teams on the coast," Madigan declared. "Stagg's boys won the Far Western Conference championship with a perfect season. They are undefeated, untied and unscored on in Conference play. Loyola, ranked with the best, was lucky to beat them, 7-6, and California had a difficult time before winning, 14-0.

Slip credited Stagg's magic name as the reason for Pacific's overnight rise to prominence. Prep grid stars have rallied to Pacific's colors for a chance to play under the "Grand Old Man" and assimilate some of the legendary wizardry of his coaching methods, Slip said.

"His strongest weapons strike at our most vulnerable defenses," Madigan, who, with Red Strader, his assistant, personally scouted the Tigers against Fresno State last week, maintained. "Stagg's aerial attack and flanker formations are more bewildering than any St. Mary's has yet faced."

All but two of the half-dozen Gaels injured before the Santa Clara game will be in fine shape for Pacific. Lou Ferry, regular quarterback, and Huey Sill, first right half, probably will not be able to

play. Each has a badly wrenched knee. Despite the fact that the Gaels have lost three of their last four games, Madigan said he planned no shake-up or switches in his lineup. He believes St. Mary line is the best on the Coast and that the backs, riddled by injuries have been playing in touch luck.

The game is a traditional "Kid Day" affair, with boys and girls 10 to 18 years of age being admitted for a time. Last year the game drew over 10,000 children. It will start at 11 o'clock Thursday morning and conclude in plenty of time for Thanksgiving dinners.

Despite the fact that the Gaels have lost three of their last four games, Madigan said he planned no shake-up or switches in his lineup. He believes St. Mary line is the best on the Coast and that the backs, riddled by injuries have been playing in touch luck.

The game is a traditional "Kid Day" affair, with boys and girls 10 to 18 years of age being admitted for a time. Last year the game drew over 10,000 children. It will start at 11 o'clock Thursday morning and conclude in plenty of time for Thanksgiving dinners.

### Couple Are Wed At St. Ambrose Church

Before an altar artistically banked with pink and white carnations, ferns and palms, the nuptials of Miss Mary Cecile Slattery and Robert Emery Barkelm were solemnized last Saturday at 1 o'clock in St. Ambrose Church. Rev. J. J. Hennessey read the marriage service.

The bride was attired in a gray suit with rust-colored accessories and wore a corsage of orchids. Her maid of honor, Miss Margaret Stuart, wore a rust-colored suit trimmed with black astrakhan fur and carried a bouquet of amellias.

Russell Wilgus was best man and the ushers were Joseph Stewart and Joseph McCullough.

Following the ceremony, a reception was held at the church and later at the home of the bride's father, W. A. Slattery on Marin Avenue. A large number of friends attended both functions. Shortly after the serving of a buffet dinner, the newlyweds slipped away on a honeymoon without revealing their destination. They plan to be gone for a week after which they will make their home on Marin Avenue.

The groom was formerly of New York, and is at present connected with F. Hink and Son of Berkeley.

Miss Garevich resides at 1433 Marin Avenue and is the proprietor of "Norma's Beauty Salon." She has named January 21 as the date for her nuptials.

Guests who were present were Mrs. Frank Mulks, Mrs. G. W. Mulks, Mrs. Mitchell Garevich, Mrs. Manuel Silvers, Mrs. Alta Olson, Mrs. Mae Carter, Mrs. F. Marshall, Miss Inez Nicholson, Miss Beatrice Rice, Miss Helen Ross, Miss Myrth Grimm, Miss Peggy Wood and Miss Peggy Bennett.

## V.F.W. Notes

Commander-in-chief Bernard W. Kearney was the first of the newly-elected veterans' organization leaders for 1938-39 to make his official visit to the White House for a conference with President Roosevelt on the subject of veteran welfare legislation and policies adopted by the Denver Encampment.

President Roosevelt, in Washington for a few hours between election campaign trips, listened attentively to the principal objectives of the Veterans of Foreign Wars for the coming year as outlined in the resolutions adopted at Denver.

Kearney called the attention of the President to the fact that the Denver Encampment had taken no action towards a demand for general pensions, despite the propaganda of anti-veteran groups that this would be the next objective for organized veteranism following cash payment of the so-called bonus. The Veterans of Foreign Wars' leaders also informed the chief executive of the nation that this organization was definitely on record in favor of adequate pensions for the widows and orphans of deceased world war veterans and that the VFW favors a liberalization of disability compensation regulations based on length, type and circumstances of service.

President Roosevelt was also advised that the VFW is definitely opposed to Communist activities in this country and that the efforts of the organization would be continued in a constant counter-attack upon all subversive movements. The program placed before the President also reiterated the stand favoring legislation that will basis with man power in time of war; strict neutrality with an adequate national defense to enforce America's isolation policies in event of another war; government control or supervision of draft dollars and industry on an equal the manufacture and sale of munitions;

## Club Plans Show

The first of a series of Christmas programs by the Albany Y. M. C. A. dramatic club will be given at Mare Island Navy yard on Sunday afternoon, December 13. The program will be in charge of C. E. Morris, secretary, and will star the Albany high school girls' glee club directed by Miss Barbara Kroft. The glee club will appear in the hospital wards for three performances and then offer a special program in the theater. Other prominent members of the dramatic club will be presented in the hospital show. Other shows are scheduled for Oakland and Berkeley organizations.

## Watch for Card Notifying Fees For Car Plates

Sacramento, Nov. 25.—Postcards notices for 2,400,000 California owners of motor vehicles, notifying them of the fee they will have to pay to obtain plates for 1937, are now being prepared at the rate of 50,000 a day, Howard E. Deems, registrar of vehicles, announced today.

The renewal will start January 2, Deems said, and requested the public not to attempt to get plates until that time.

The cards, which are being typed and rated by a special staff of 200, will show the fee for license plates and the amount of the motor vehicle license fee, which takes the place of city and county personal taxes, Deems explained. They will not be placed in the postoffice until December 26, to avoid the Christmas rush of mail.

"The public is especially requested not to attempt to secure 1937 licenses before January 2," the Registrar said. "Certificates mailed in without the correct fees will be returned and the applicant requested to consult the nearest branch of the Division of Registration of California Highway Patrol."

"Because of a special ink used in typing, which will protect the Department against alteration, this year the cards will be accepted at face value. Last year this could not be done on account of many alterations."

## United Aircraft Gives Wage Boost

HARTFORD, Conn.—Wage increases of more than \$635,000 a year and a week's vacation with pay, beginning January 1, have been announced by the United Aircraft Corporation.

Affected were employees of the Pratt & Whitney Aircraft, Hamilton Standard Propellers, Chance Vought Aircraft, Sikorsky Aircraft and the United Aircrafts division of the United Aircraft Corporation. The increase amounted to 5 per cent on the hourly rate.

## Pedestrians Should Also Be Auto Minded

Sacramento, Nov. 25.—Blame for automobile accidents, usually placed at the door of the motorists, is sometimes misplaced, according to Ray Ingels, director of the State Motor Vehicle Department, who says that oftentimes pedestrians are responsible for smash-ups.

Last year, Ingels says, were 9,947 pedestrians involved in traffic accidents and in at least 3,324 of these, pedestrians themselves, were directly responsible for the accident.

Carelessness of pedestrians accounted for 1518 accidents, the Director said, while drunkenness accounted for 928. Five hundred and forty-five pedestrians were injured because they became confused by traffic, 236 were struck because their view was obstructed and ninety-seven because they had physical defects.

"Pedestrians pay a heavy price for carelessness," Ingels declared. "In most accidents involving a vehicle and a pedestrian the man on foot finds himself hopelessly overpowered. These accidents have a high fatality record."

"Nearly all pedestrian-vehicle accidents are unnecessary and could have been avoided and had 1100 pedestrians been more alert last year, they would have been alive today."
